Dear Gavin,

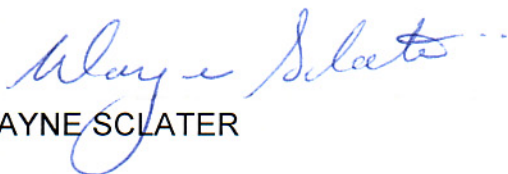

CSR Hebel® has developed partnerships with its suppliers to enable us to deliver a complete solution to our customers. We appreciate and value our relationship with your company and look forward to working with you to continually innovate where possible delivering systems that our customer value.

We are very grateful for the support you have supplied in product for the Victorian Bush fire appeal. We have managed to deliver enough products for 12 homes which will make a difference for people who would normally be unable to afford to rebuild in their home town.

Habitat for humanity will supply the labour to rebuild the homes and through your generous contributions we have supplied the products.

Thank you once again and we look forward to working with you in the future.

Yours sincerely

WAYNE SCLATER
